Date: 10/20/2009

Description of Type Design Change: Installation of Refreshment Center in accordance with Aeronautical Engineers, Inc., Report R-520 dated July 29, 1981, or later, FAA approved revisions.

**Limitations and Conditions:** The approval of this change applies basically to CASA C-212 series airplane only. This approval should not be extended to other airplanes of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposal weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
